More "Direct Evidence"

The blood-purifying, strength-giving properties of Hood's Sarsaparilla are brought into strong light by the following letter, which describes the cure of Mrs. Bearse, of Portsmouth, N. H. This is another of the thousands in our series of "Direct Evidence."

"45 Coffin Court. "Fortsmouth, N. II, May 12, 1912. C. I. Hood Co., Lowell, Mass.: "The beginning of my trouble was a

corner of my left eye. It discharged continuously for a year and eight months, and nothing seemed to heal it.

Portsmouth, N. H.

said the cruption would never heal without a surgical operation. I was Much Run Down With Impure Blood and dreaded to think of an operation

"I remembered that four years before I had taken Hood's Sarsaparilla with benefit, and I decided to take it again for my very poor health. The medicine brightened me up, but my family physician advised me to discon tinue it, saying that it would not agree with other troubles with which I was afflicted, so I stopped taking it for

WATER POURS OVER WHARVES

Old Market and Cary Street Are Early Flooded-River Still Rising.

Flood water swept over the lower failed to help me further, I decided to rise in James River being greater than an herbal compound, and we would advise our readers who feel in need of advise our readers who feel in need of take Hood's Sarsaparilla again.

"After I had used four bottles of Hood's Sarsaparilla the abscess had a more healthy appearance and the discharge was less. When I had taken seven bottles the sore had entirely disappeared, leaving only a slight sear.

All morning the river rose slowly at Columbia until at 1 o'clock the Chesapeake and Ohio gauge indicated a maximum of thirty feet. After that the river slowly fell back less than two-tenths of a foot an hour. The crest of the flood, it is believed, will create of the flood, it is believed, will also be reached here early this morning.

IN MEMORIAM

JENNINGS.—In sad but loving remembrance of our durling baby, HENRY ARCHIVILLE JENNINGS, who died nine years ago to-day, March 30, 1904. by afternoon the worst should have passed.

Comes From the Mountains. Clear weather all over Virginia yesterday and the entire absence of flood water in local streams served to miniwater in local streams served to minimize the danger, practically all of the water coming from mountain sections. Flowing swiftly, the river bore on its crest an unusual amount of driftwood, trees, railroad ties and debris of all kinds. The overflow after the river left its banks was of back water, which rose first through the culverts, and then in a sullen, murky stream, but without force of current to wash

Prices Have Been Fairly Good. Appear to Be Hopelessly Divided Both in Ruth and Howell bridges, strong hopes are expressed that the flood may pass Richmond by some time to-day without any serious

At midnight the river at Columbia [Special to The Times-Dispatch.]

Heathsville, Va., March 29.—The close on April I, although some shipments will be made during the Rule In the Arnie Ruth case, in which the Ruth lad to repair the damage. All train services over the Land and fallen to 23.4 feet—a fall of near-ly seven feet—and railway officials were preparing then to rush in men to-day to repair the damage. All train services over the Land and fallen to 23.4 feet—a fall of near-ly seven feet—and railway officials were preparing then to rush in men to-day to repair the damage. All train

> now stronger than it was for years before annexation. But fear is ex-pressed that freshet water and the mass of floating driftwood may carry away these wooden supports, in which event the use of the bridge would be

event the use of the bridge would be actually dangerous.

Besides those employed to prevent the banking of driftwood against the bridge, extra watchmen will be on guard night and day with authority to stop traffic instantly at any sign of danger. That part of the new Mayo Bridge from Richmond to the Island has been so far completed as to be free of freshet danger. Viewed from the river banks last night, it demonstrated that banks last night, it demonstrated that the vents under the arches would be ample to carry the flood water of a much greater freshet than is anti-cipated. South of the island some damage was done to false work and temporary structures, and it will be several days before active construction

can be resumed.

Pocahontus Abandons Trip.

George M. Wyatt, general agent of the Old Dominion Steamship Company, the Old Dominion Steamship Company, when that all freight had said last hight that all freight had been removed from the Old Dominion wharves before the water flooded in. The steamer Berkeley arrived yesterday morning from Norfolk, and was able to unload passengers, but no freight. freight.

is still tied up at the local wharves. The Brandon was held at Norfolk last night. The Pocahontas, making for Richmond yesterday afternoon, tied up at City Point, from which place passengers came to Richmond by rail. If conditions permit, the Pocahontas will sail from City Point on Monday for Norfolk, resuming its school as without the sail of the conditions o Monany for Norfolk, resuming its schedule without coming here, and there will be no boat from here to Norfolk until Monday night. Mr. Wyatt said that from his information the flood would exceed that of March 17, 1912—the highest record for several years.

Water Floods Old Market. At midnight the flood stage in Rich-iond was somewhat higher than the rest of the freshet two weeks ago, and further rise of about three feet was hen anticipated. Throughout the day then anticipated. Throughout the day the wharves were flooded and about sunset the water swept into Cary Street. Just as the market closed last night, it backed into the gutters at Seventeenth and Franklin Streets, and by midnight Cary Street was flooded for a block, and water turned the corner into Seventeenth and flooded over into the Old Market. A slight rise in Main Street, not sufficient to block the car line, was expected by early this morning.

car line, was expected by early this morning.

Harbor Master John A. Curtis, who has known the river in all its ways for more than half a century, said that since the government has deepened the channel and opened up Dutch Gap, there is less filling in the harbor at Richmond. In past years the rise here used to be two-thirds of that at Columbia. Now it is not over 60 percent of the rise in the gorge. Under the train shed of Main Street Station there is a lake of water. In the alley back of the Railroad Y. M. C. A. water stands several feet deep and several stands several feet deep and several colored families are marooned in their

Cars howled along the new embank-ent of Lester Street unhindered by he flood, while the old road was subthe flood, while the old road was submerged six or eight feet. The entire
city wharf even to the posts was underwater, and vessels crowded into the
slip and mouth of the Dock to keep
out of the swift current and mass of
drifftwood. One or two tugs braved the
current to aid boats to safety. The

Life Insurance Companies They Are Closely Observing Public **Health Conditions**

An examining physician for one of the prominent Life Insurance Com-panies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large ma-jority of applicants do not even sus-pect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is one preparation that has probably been more successful in relieving and curing the disease than any remody known. The case than any remedy known. The mild and healing influence of Dr. Kil-mer's Swamp-Root is soon realized. It stands the highest for its remarkable

Money Spent for That Cause Brings Its Reward in Heavenly Plessing.

LAYMEN'S MOVEMENT

Speakers Deplore Man's Tendency to Leave Religious Work to Women and Preachers.

An investment in the Kingdom of Heaven is the only way that you can get your money's worth at the present high cost of living, according to Professor R. E. Gaines, of Richmond Col-lege, who addressed the convention of the Laymen's Missionary Movement in the Joseph Bryan auditorium of the Young Men's Christian Association last

night.

Professor Gaines stated that a dollar will buy only about 10 cents worth of stock in a trust, about 25 cents worth of jewelry or dry goods, or a 50-cent dinner. If, however, it is expended on the conversion of the heathen, the giver may be assured of getting full credit on the heavenly books.

He took as his subject, "Is It Worth the Price?" and approached it in this literal manner, strongly urging the investment of funds in spiritual rather vestment of funds in spiritual rather than in material goods. He also em-phasized the fact that the Christian should give of his time and his energles as well as of his funds.
Present Day Tendency.

Present Day Tendency.

There is too strong a tendency in this day of specialization, he said, to leave the work of religion to women, preachers and cranks, and to be content with a faith. This attitude, he said, is, fatal to progress, for though we are saved by faith, we grow only by works. The modern church, he said, is turning away from the mere contemplation of a future state of bliss, is turning away from the mere con-templation of a future state of bliss, templation of a future state of bliss, and giving more attention to the development of character and spirituality on earth. And the realization of this purpose, he said, demands that every man take an active part in the work of the church. The dominant American trait, he said, is a passion for success, not a passion for money, and if this motive could only be turned in the right direction, it would accomplish the right direction, it would accomplish

the right direction, it would accomplish great things.

About 500 laymen representing practically all the Protestant denominations in Richmond, attended the convention. The address by Professor Gaines was followed by a general conference on "The Mission Church." It was led by J. Campbell White, general secretary of the Laymen's Missionary Movement, who called upon representa-
